

Q1 PRODUCTIONS 2024 EVENT CALENDAR

WHAT WE DO

Propel yourself forward in 2024 with curated executive education powered by timely end-user research and collaborative knowledge-share.

WHO WE ARE

We are a team of driven professionals working to uplift highly regulated industries with learning experiences that inspire. We strive to connect executives and empower teams to reach their highest potential. Hailing from different corners of the world, together we are a driving force of innovators, content developers and connectors.

LEARNING EXPERIENCES WE PROVIDE

CONFERENCES

Conferences deliver an in-person educational experience with an emphasis on highly-researched knowledge sharing and collaborative networking. Speakers include industry executives, regulatory officials, public and private payers, legal professionals and more.

VIRTUAL EVENTS

The dynamic Q1 Productions virtual platform fosters a sense of collaboration. Thoughtfully designed networking features connect you with your peers beyond the capabilities of a Zoom meeting. Our commitment to industry perspectives keeps the program focused on what matters and dynamic session formats to increase interactivity and strategy-building.

WEBINARS

Bite-sized learning is available through a curated platform of live and archived webinars. With topics selected to complement our conferences, each webinar shares key updates and learning with the industries we support.

PROFESSIONAL EDUCATION COURSES (PECS)

Professional Education Courses offer valuable insights with the flexibility to tune in from your ideal working destination - no travel required. Our interactive event app allows you to network with peers and pose questions to speakers during two half-days of live learning.

“I enjoyed the event and thought there was great discussion amongst the attendees. Everyone was willing to share best practices with each other. I would definitely recommend this conference to my colleagues.”
